

Board Chairman-ROBERT STEELE is a long-time resident of the North Lawndale Community. Mr. Steele is a Public Official has always been about serving other and helping to create best opportunities for community growth and development from a local perspective. Robert Steele is a strong community focused individual with the interest to bring new innovation to the local community by inviting local people to influence and develop our local growth.

Robert Steele's views on Frazier Preparatory Academy- My personal interest as a local resident is to ensure local schools have a competitive interest to educate students at a high level so they can compete at the best high schools in the region. Making sure children get the best start to their academic future here in the local community is most important.

Personal Mission/Vision-As a founding member of the Frazier Preparatory Academy Design Team; I want to continue the work of establishing an institution which develops elementary aged children to reach their highest learning potential. To create and maintain a competitive teaching and learning model that educates students to learn and retain academics for future educational assimilation is my goal.
