

**Vice Chairman-Tommy Moore**, is the author of NuJack Preachers "A call to biblical discipleship and unity in the Church." Founder and CEO of NuJack Preachers Associate; a network of ministers, and the NuWine Ministries/Bridge Purpose Center- a ministry focused on building bridges to racial, educational, and socio-economic gaps both in and out of the religious and non-religious community for over 30 years. He has travelled both nationally and internationally as a people and program developer. He knows all too well the impact that they can have on the lives of children. His calling toward youth development first surfaced in 1977 when he committed his life to Jesus Christ and began volunteer work as a youth leader and mentor of young boys ages 8-10 at the Chicago Gospel Youth Center while attending the Moody Bible Institute. His background, as a child growing up in poverty, has provided Tommy with additional insight necessary in understanding the unique challenges of living in a county where poverty should not exist. He believes that God has uniquely empowered to provide relevant holistic ministry for the family especially children and youth.

**Tommy Moore's views on Frazier Preparatory Academy-** Children & youth are our greatest resources. The strongest resources that I can offer are my wealth of knowledge and experience in program and people development. I am a strong advocate for children and their families. Whenever I have an opportunity to help the young leaders of today for a better tomorrow I do my best to represent. Also as a native of Chicago's Westside, father and husband I can both sympathize and empathize with families.

**Personal Mission/Vision-** To love and serve God with his whole being and to love and help people, especially children and youth, discover their purpose in life both personally and professionally.

**Education:** Attended Moody Bible Institute in Chicago, IL and a Graduate of Fuller Theological Seminary, Pasadena CA, MA in Leadership concentration of youth and family culture; Currently a DMin. student at Bakke Graduate University Seattle WA.
